

NOTES TO ASSIST IN THE CORRECT COMPLETION OF THE AUTHORISATION REQUEST FORM

You should read these notes carefully before filling in the form as they are designed to help you complete your request for authorisation correctly.

Incorrect or incomplete forms will result in delays in the issue of authorisations. You should be aware that anyone found fishing in a place, at a time or in a manner that requires authorisation without such authorisation could face prosecution.

The completed form should be returned to North Western Inshore Fisheries and Conservation Authority, 1, Preston Street, CARNFORTH, Lancashire LA5 9BY (Telephone: 01524 727970).

PART 3 - NOTES TO 1 AND 2 ABOVE

Area Boxes. You should check the precise location covered by each individual area number so that you are not requesting authorisation for areas that you have no intention of fishing in. **You should note that under Byelaw 26 areas 2 and 3 are authorised for flue nets only, and area 5 for whitebait filter nets only.**

Type/Number of nets. State type of net(s) and number of nets you intend using. You should put the specific type of net, i.e. bank, trammel, drop, tangle, flue, whitebait etc.
If in any doubt please telephone this office ((01524) 727970) for assistance before you start to fill in the form. You will be given every assistance to save you delay in receiving the authorisation you want, where and when you want it.
