

Be part of the new Sea Bass Fisheries Management Plan (FMP)

The Department for Environment, Food & Rural Affairs (DEFRA) will publish a new Fisheries Management Plan (FMP) for sea bass in 2023. DEFRA and Policy Lab are working together to co-create the new plan with a diverse range of individuals and interest groups in this space, and we are inviting you to get involved!

Policy Lab will be in the Newlyn Harbour for **a drop-in session** to meet fishers and other stakeholders and discuss your experiences of bass fishing and regulation.
