## Advisory Notes

1. This permit does not exonerate the holder from any other sea fisheries legislation.
2. Operate vehicles in a safe manner on the access road and when transiting to the fishery.
3. Byelaw 3 permit holders should adhere to the Code of Conduct for Intertidal Shellfisheries.
4. NWIFCA has the power to withdraw flexible permit conditions at any point should the need arise, subject to the review procedure.
5. The fishery is in a Marine Protected Area (MPA) and has undergone a Habitats Regulations Assessment (HRA). With advice provided by Natural England, NWIFCA have concluded that there needs to be measures in place to minimise disturbance to pink-footed geese which roost at the site. NWIFCA will monitor the situation whilst at the fishery. NWIFCA request that fishers work with officers to ensure disturbance is kept to a minimum so that the fishery can remain HRA compliant and stay open for the remainder of the season. This may include delaying access to the fishery until the pink-footed geese have dispersed from their roost. It is requested that permit holders keep as much distance as possible between them and the pink-footed geese, reduce quad bike speed through the access route near the saltmarsh and the upper shore at dawn and dusk, keep the noise of the quad bike to a minimum by ensuring mufflers are working to further assist with reducing disturbance.
6. Any breach of the conditions constitutes a breach of the byelaw.
7. Please note under NWIFCA's cold weather the fishery could be subject to closure during periods of cold weather <https://www.nw-ifca.gov.uk/app/uploads/NORTH-WEST-IFCA-INTERTIDAL-FISHERY-COLD-WEATHER-PROTOCOL-WEBSITE-VERSION-1.pdf>
